### Relegation Confirmed

As everyone is now aware the EFL relegated the club from League 2 to the National League. The SST did everything it could to prevent this avoidable relegation which can only be laid at the feet of one person.

The SST in its dealings with the EFL has come to the conclusion that the EFL is not fit for purpose whilst it continues to be under the influence of clubs and their owners. The EFL needs to totally independent. Furthermore it is disgraceful how clubs are punished differently for the same offence.

### New Manager Appointed

The SST welcome the appointment of Tim Flowers as manager. It will be a tough and unenviable task for Tim to put together a team for the commencement of the National League on 3<sup>rd</sup> October 2020. The budget is going to very tight especially with many fans indicating that they will not spend a single penny on the club whilst the majority shareholder remains at the club.

Good luck Tim!
